Dear The Federal Communications Commission,

I understand you have recently been appointed to Chair the FCC.
Congratulations !

I hope , in your new role, you support the "Fair Share Plan"
solution to current concerns with the Universal Service Fund
(USF). As a recent retiree and a small user of long distance, I
certainly don't want to pay the same rates as businesses

Under the flat fee or numbers-based plan you are considering,
people like me who make few long distance calls would pay the
same as people or businesses that make many calls. I believe it
would be unfair to charge low-volume and residential customers
the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan.
Us growing number of retirees need your support !
Thank you, and again, congratulations on your new role !

Sincerely,
